

## LMP-Q130

Quad replacement lamp for projector model  
VPL-FE110E, 4x120 Watt UHP

The LMP-Q130 is a 4x120 Watt UHP (Ultra High Performance) Quad lamp for the projector model VPL-FE110E.

During its entire lifetime you can rely on a

constant light output generated by this lamp.

When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.
